

REACH STATEMENT

Dear Valued Customer,

REACH is a European Community Regulation on chemicals and their safe use (EU Regulation No. 1907/2006). It deals with the Registration, Evaluation, Authorization, and Restriction of Chemical substances.

The Swissbit AG (Swissbit) supports the aim of REACH in improving the protection of human health and the environment through the better and earlier identification of the intrinsic properties of chemical substances. Swissbit meets all applicable REACH requirements and is committed to provide our customers with information about substances in its products as required.

Under REACH, the registration provision is applicable to manufacturers or importers of chemicals and does not apply to Swissbit's manufacturing operations. As referred to in the REACH regulations Swissbit is a downstream user, so it is anticipated that substances used in electronic products will be registered by the raw material manufacturers within the supply chain. To further ensure compliance, Swissbit continually reviews information from its suppliers about delivered material and products concerning substances which are contained on the European Chemical Agency (ECHA) Candidate List of Substances of Very High Concern (SVHC).

The below named Swissbit products do contain lead but do not contain any other substances on the SVHC candidate list (including all 191 substances till 2018-07-07) above 0.1% concentration and are fully comply with the related requirements of European Union Regulation (EC) 1907/2006. The substance lead (CAS 7439-92-1) has been regulated by the RoHS Directive since 2006 and has now become part of the SVHC list. Lead is only used in applications that are declared as exemptions in the EU RoHS Directive 7(a) of Annex III to directive 2011/65/EU. Based on both material content declarations from our supplier and independent laboratory testing no Diphenylether-Pentabromderivat and Perfluorooctansulfonat - PFOS (EU Regulation No. 207/2011 / EU Regulation No. 1907/2006, annex XVII) are present in Swissbit products.

Product Type:	Product Series:	Swissbit Product Number:
Solid State Drive (SSD) M0-297	X-60s / X-64s / X-66s / X-600s	SFSAxxxxVxAAxxx-x-xx-xxx-xxx
Solid State Drive (SSD)	X-500 / X-55	SFSAxxxxQxBJxxx-x-xx-xxx-xxx
Solid State Drive (SSD)	X-60 / X-62 / X-64 / X-66 / X-600	SFSAxxxxQxAAxxx-x-xx-xxx-xxx
Solid State Drive (SSD)	X-70	SFSAxxxxQxAHxxx-x-xx-xxx-xxx

REACH is a unique opportunity for the development of customer relationships and company differentiation. Please do not hesitate to contact us should you have of any questions. We will be happy to share our expertise and data with you.
