

RoHS STATEMENT

Dear customer,

the Swissbit AG confirms that our products meet the requirements of the current

[DIRECTIVE 2011/65/EU with EU Directive 2015/863 & 2017/2102, and ACPEIP,](#)

a.k.a. Restriction of Hazardous Substances (RoHS) Directive and Administration on the Control of Pollution caused by Electronic Information Products (ACPEIP = "China-RoHS"). Swissbit's Pb-free products contain less than the following amounts of the ten RoHS banned substances:

- Less than 0.1% Lead – Pb
- Less than 0.1% Mercury – Hg
- Less than 0.01% Cadmium – Cd
- Less than 0.1% Hexavalent Chromium – Cr (VI)
- Less than 0.1% Polybrominated Biphenyls – PBB
- Less than 0.1% Polybrominated Diphenyl Ethers – PBDE
- Less than 0.1% Bis(2-Ethylhexyl) phthalate – DEHP
- Less than 0.1% Benzyl butyl phthalate – BBP
- Less than 0.1% Dibutyl phthalate – DBP
- Less than 0.1% Diisobutyl phthalate – DIBP

Some components within Swissbit products do contain more than 0.1% of lead, but make use of **EU permitted exemptions**. For more detailed information please contact your local Swissbit sales representative.

Important note to chinese label: EIPs that are intended for further processing do not have to be labeled. The relevant information must be made available by the supplier.

For all Swissbit products the Environmental Friendly Use Period (EFUP) is equal to the MTBF. For MTBF information and CE conformation please consult the correspondent data sheets. CE labeling will be printed on the product label, packaging or on the instruction of use.

Further questions should be addressed to your local Swissbit sales representative.
